Analysis

Application

Training

Identifying Potentials:

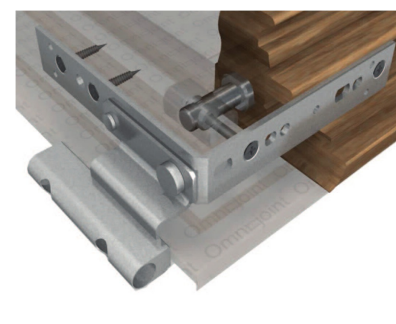

- ❖ Warehousing (Half Ass., completed parts)
 - ❖ Painting
 - ❖ Assembly
- ❖ Production time
- ❖ Logistics process
- ❖ Increased quality by painting before assembly, increasing substantially, strength values

Making Potentials a Reality (Est.):

- ✓ 30% Savings in assembly
- ✓ 30% Reduction in total production time
- ✓ 15-50% Reduction in warehousing
- ✓ 50% Reductions possible in Logistics

Training your Employees:

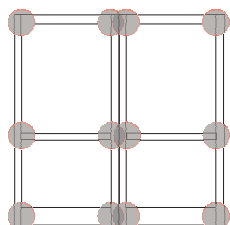

- Educating in Application
- Optimizing implementation
